The diagram illustrates a file dependency structure. At the top is a grey box representing a header file: C:/Users/ivicente/Desktop /BRANCH_ACC_WIFI/src/IPMK /ipmk_removal.h. Below it are two white boxes representing source files. The left box is C:/Users/ivicente/Desktop /BRANCH_ACC_WIFI/src/IPMK /ipmk_removal.c, and the right box is C:/Users/ivicente/Desktop /BRANCH_ACC_WIFI/src/thread _drd_entry.c. Two blue arrows point from the source files up to the header file, indicating that both source files include this header.
